VERY serious Sickness has a small beginning.
And, in nine cases out of ten, that beginning is made in the Fighting Practically Suspended Bowels.

Constipation is the beginning of most diseases. It paves the way for all others, Lack of exercise, hasty eating, improper food, are its first causes.

The only way to have Cascarets ready to use precisely when you need them is to carry them constantly in your pocket, as you do a Watch or a Lead pencil.

The ten cent box of Cascarets is made thin, flat, round-edged, and small, for this precise purpose.
